FUND FOR A NUCLEAR-FREE WORLD

NIRS/WISE

1424 16TH Street NW, #404, Washington, DC 20036
202.328.0002; f: 202.462.2183; nirsnet@nirs.org; www.nirs.org

Nuclear-Free World Society

The Nuclear-Free World Society is a special program to recognize those generous individuals who are able to provide the substantial support that enables NIRS' continued effectiveness. The Fund for a Nuclear-Free World is a 15 month campaign to raise two years of operating budget and replenish the NIRS Reserve Fund, totaling \$ 1.5 million. For detailed budget information, please feel free to contact us.

Individuals who wish a greater involvement with NIRS, by assisting us with outreach, promotion, prospect identification and other development activities may choose to join NIRS' Core Group. For more information about The Core Group, please contact Mary Olson at NIRS' Southeast office, 828-675-1792 nirs@main.nc.us.

These are six levels of potential giving that will help us to achieve this Fund goal:

Activist:	\$50-99
Supporter:	\$100-999
Champion:	\$1,000-4,999
Guardian:	\$5,000-9,999
Benefactor:	\$10,000-49,999
Patron:	\$50,000 and above

Guardians, Benefactors and Patrons are invited, along with Core Group members, to an annual informal dinner with NIRS Board, staff and friends to learn about the latest in nuclear-related issues.

Unless anonymity is requested, all Nuclear-Free World Society members will be recognized in The Nuclear Monitor and other specialized outreach materials.
