**Re: Comment on the Proposed Scoping Document (Environmental Assessment Guidelines) for Ontario Power Generation's Proposal for a Deep Geologic Repository for disposal of "low" and intermediate level radioactive wastes in Kincardine, Ontario, Canada**

[Submitted via email to [ceaainfo@cnsccsn.gc.ca](mailto:ceaainfo@cnsccsn.gc.ca), as well as via Fax to (613) 995-5086]

Dear Mr. Rinker,

The late posting, or lack of posting, of key documents regarding this proceeding on the CNSC web site has unfortunately made our participation in this proceeding much more difficult. We respectfully request that all documents pertaining to this proceeding be posted to CNSC's website, as well as provided directly to us either through the mail or email, to facilitate our participation in this proceeding.

We specifically request that copies of the following documents be sent to us in hard copy or electronic format as quickly as possible:

CNSC, *Information and Recommendations from Canadian Nuclear Safety Commission Staff regarding Ontario Power Generation – Deep Geologic Repository for Low and Intermediate Level Radioactive Wastes*, CMD 06-H22, August 24, 2006.

Golder Associates, *Final Report on Independent Assessment of Long-Term Management Options for Low and Intermediate Level Wastes at OPG's Western Waste Management Facility*, Submitted to Steering Committee, Municipality of Kincardine and Ontario Power Generation, February 2004. (full report, and executive summary)

Quintessa, *Preliminary Safety Assessment of Concepts for a Permanent Waste Repository at the Western Waste Management Facility Bruce Site*, Report No. QRS-1127B-1 v1.0, March 2003.

John Rowat, International Atomic Energy Agency, *Panel Discussion on "The Need for a National Classification System for Radioactive Wastes"* (Abstract for presentation to the Canadian Nuclear Society, May 8-11, 2005).

Ontario Power Generation, *Deep Geologic Repository for Low and Intermediate Level Radioactive Wastes - Project Description*, Report Number: 00216-REP-07722.07-00001, November 2005.

Canadian Nuclear Safety Commission, *Proposed Comprehensive Study Scoping Document: Environmental Assessment of the Proposal by Ontario Power Generation for a Deep Geologic Repository for Low and Intermediate Level Radioactive Waste*, August 2006 (CNSC CMD 06-H22).

Canadian Nuclear Safety Commission, *Disposition of Comments from First Nations, the Public and Stakeholders on Scoping Document [sic] for OPG's Proposed DGR*, August 2006 (CNSC CMD 06-H22).

CNSC, *Environmental Assessment Track Report: Proposed Deep Geologic Repository for Low and Intermediate Level Radioactive Waste*, August 2006, CMD 06-H22.

Thank you for your assistance.

Sincerely,

Kevin Kamps
