AFFIDAVIT OF DONNIE J. ASHLEY CONCERNING MANDATORY DISCLOSURE
REQUIREMENT OF 10 C.F.R. § 2.336(c)

I, Donnie J. Ashley, being first duly sworn, do hereby state as follows:

1. I am employed as a Project Manager in the Division of Licensing Project Management in the Nuclear Regulatory Commission's ("NRC") Office of Nuclear Reactor Regulation. I serve as a project manager for the Oyster Creek Nuclear Generating Station's license renewal application ("LRA"). Among other things, I am managing the preparation of the hearing file and mandatory disclosures in connection with the LRA at issue in this proceeding.

2. The NRC Staff has made a good faith effort to identify and characterize all documents meeting the criteria of 10 C.F.R. § 2.336(b) and 10 C.F.R. § 2.1203 in this proceeding. However, as of today, due to the volume of documents examined by the Staff for possible inclusion in the hearing file, approximately 230 documents are still under review, either to determine whether they meet the regulatory criteria or to confirm that a privilege to withhold applies. The Staff intends to complete its review of these remaining documents promptly and produce any applicable documents as part of the first scheduled Supplemental filing on April 17, 2006.

3. Another approximately 30 documents are in the administrative process of being re-designated as "publicly available" in the Agencywide Documents Access and Management (ADAMS) system. The Staff anticipates this process will be completed by the deadline for its

first Supplemental filing, at which time these documents will be added to the hearing file as publicly available.

4. I hereby certify that, with the two aforementioned exceptions, all relevant materials required to be disclosed pursuant to 10 C.F.R. § 2.336 (b) and (c) in the captioned proceeding have been disclosed, and that the disclosures are accurate and complete as of the date of this certification.

5. I hereby certify that the foregoing is true and complete to the best of my knowledge, information and belief.
